INSTALLING POWER BI DESKTOP

1. **Windows Users:** The Power BI Desktop application is completely free and can be downloaded directly via the Microsoft Store.
2. **Mac Users:** Unfortunately, there is no native desktop application available for macOS systems.
3. **The Mac Alternative**: Mac users can access the tool using Power BI Online (the web-based service).

Note: If you are using the online version, be aware that the interface is a little bit different to work with compared to the desktop app.
